Instructions:

1. Fold the Crumb Cake card in half. Using the Envelope Punch Board, place the shorter end on the EPB, line the edge/corner and punch. Then punch at 3 inches. Turn your cardstock 180 degrees and repeat on the 2nd side: Once both sides of your cardstock have been punched, align one side with the tab on your paper cutter so that you can cut off one tab. Make sure you line up the small "V" in the centre right where the blade will cut on the very edge of the cutting track. Your card should look like this.

2. Stamp the front of the card with the Hardwood stamp using Versamark. Sponge the edges of the card with Soft Suede or Baked Brown Sugar.
3. Stamp a greeting onto the file tab which is on the front of the card.
4. Cut out a Banner shape on Whisper White card using the Banner Framelit Dies.
5. Using Black Staz On ink, stamp the flowers onto the banner. Then stamp with background colour in Crushed Curry and Bermuda Bay. Stamp the striped banner from Perfect Pennants in Crushed Curry.
6. Adhere the three pieces of ribbon onto the card.
7. Adhere the Tea Lace Dolly.
8. Tie linen thread around the top of the banner and adhere the banner to the card.
9. Stamp the "Live Happy" stamp and punch out with an oval punch. Sponge the edges and adhere to the card.
10. Add pearls to the middle of the flowers.
