## Instructions:

1. Emboss front of Pool Party card base with the Modern Mosaic embossing folder.
2. Adhere strip of I Am Me DSP along the bottom of 14.8cm x 7.5cm piece of Whisper White card.
3. Stamp fish bowl stamp on the right hand side of the Whisper White piece. Punch out fish bowl with circle punch.
4. Assemble Circle Treat Cup with Window Sheet / acetate piece as per the instructions in the catalogue (page 58). Don't use much water. One or two spoonful's is enough.
5. Stamp and the fish bowl again on Watercolour paper or on Whisper White card. Colour in using markers or ink pads and using either blender pens or aqua painters.
6. Assemble the card front by putting the cup through the hole and adhere using glue dots or sticky strip. Adhere painted fish bowl to the back of the cup using glue dots or sticky strip. Note: It's important to not use the tombow glue for either part of this step.
7. Adhere card front to card base. You may wish to use dimensionals on the left hand side as the cup is quite bulky on the right hand side.
8. Use markers to colour in the words in the sentiment stamp as shown in the picture. Stamp the sentiment onto Whisper White card, mat it onto Calypso Coral card and adhere it to the card front.
9. Add ribbon.
10. Stamp inside of card if wanted and adhere.
